

RESEARCH AND PRACTICE IN FOREST ECOLOGY

INTERNATIONAL CONFERENCE

**International Scientific Conference for Young Scientists
"Research and Practice in Forest Ecology"
Institute of Dendrology, Polish Academy of Sciences
8-12 May 2024, Kórnik, POLAND**

We cordially invite you to participate in the International Conference "Research and Practice in Forest Ecology", organized by the Institute of Dendrology, Polish Academy of Sciences, in Kórnik, Poland, on 8-12 May 2024.

The aim of the Conference will be to discuss the results of research in the field of forest ecology, including changes in forest ecosystems in local, regional and global terms, as well as to outline directions and perspectives for new research (including interdisciplinary studies) and to establish cooperation between research centers.

The Conference is addressed to young scientists: students, PhD students and researchers with doctoral diploma up to 7 years after graduation.

The inaugural plenary session will include keynote lectures delivered by researchers of the Institute of Dendrology, Polish Academy of Sciences. **Presentations by young researchers will be selected from among the submitted abstracts.**

GENERAL CONFERENCE PLAN:

1st day (8 May) – leading lectures

Leading lectures of the inaugural session will be presented by the scientific staff of the Institute of Dendrology, Polish Academy of Sciences, who are specialists in the field of ecology of forest ecosystems, symbiotic compounds, the biological basis of plant reproduction and dispersion, and population genetics of forest trees.

2nd day (9 May) – presentations of young researchers

The speakers will be selected by the Conference Scientific Committee based on abstract submitted by the Conference participants.

3rd day (10 May) – workshops

The workshops will be organized in the laboratories of the Institute of Dendrology in the four following thematic blocks: 1) ectomycorrhizal fungi from fruiting body to DNA sequencing, 2) in vitro propagation of plants, 3) population genetics of forest trees, 4) woody plants species recognition.

4th-5th day (10-12 May) – field excursion to the Stołowe Mountains National Park.

We are looking forward to seeing you at the Conference in Kórnik!

Prof. Andrzej M. Jagodziński
Director, Institute of Dendrology, Polish Academy of Sciences

Project no. KONF/SP/0200/2023/01 subsidized by the Ministry of Science and Higher Education under the program "Excellent Science II" and by the Zakłady Kórnickie Foundation. **Researches selected to deliver presentations will have their meals, accommodation, registration fee and field excursion costs covered.**
